ABOUT ME

My name is Alankarage Krishani Madumali Silva, and I hail from the vibrant coastal town of Aluthgama, one of Sri Lanka's most beloved tourist destinations. Currently, I am a first-year undergraduate at the Sabaragamuwa University of Sri Lanka, pursuing a BSc. in Business Management. Beyond my studies, I am an aspiring entrepreneur with a clear vision.

EDUCATION HISTORY

To me, education is not just about textbooks or sitting in a classroom. It is a way to see the world differently and solve problems in creative ways.

My journey started at Walagedara Maha Vidyalaya. The lessons I learned there gave me the strength to reach the Sabaragamuwa University of Sri Lanka. Now, as a Business Management student, I use everything I learn as a tool to build my dream business.

Learning is more than just getting a degree; it is about changing who I am. It teaches me to stay strong when things get hard and to become a real entrepreneur who helps society. With education, there are no limits to what I can do, and I will keep growing every day.

PRE-SCHOOL EDUCATION

My first real step into education started at Tikiri Sina Pre-School. I see it as the first light that showed me the way to knowledge. The very first lessons I learned there, and the experiences I had, still help me today. They gave me the self-confidence and creative thinking I need to achieve my business dreams. That 'little smile' (Tikiri Sina) I found back then is truly the foundation of every success I have today as a university student.

EARLY SCHOOLING

My educational journey began in 2010 at **Bondupitiya Junior School**. Beyond just textbooks, this school provided me with the discipline and basic foundation needed for life. The time I spent there was one of the most active and meaningful periods of my childhood.
Studying various subjects helped me develop the ability to explore new things and think critically. I also learned how to work as a team with my classmates and face challenges confidently. Many of the positive qualities I have today are a result of the guidance and encouragement I received from my teachers. It was more than just learning; it was a real-life experience that helped me shape my future.

PRIMARY SCHOOL SUCCESSES

The year 2014 is a very memorable year in my life. This is because I sat for the Grade 5 Scholarship Examination in that year

- Passed the scholarship examination in 2014 by getting 117 marks

- Figure 2- scholarship examination certificate 1

HIGHER SECONDARY EDUCATION

For my higher studies, I moved from my village school to a popular school in the city, **Walagedara Navodya Maha Vidyalaya**. I consider this period the most beautiful time of my life. The new friends I made and the teachers who taught me lessons beyond textbooks created unforgettable memories. Truly, if I could go back to those days, I would do it without thinking twice.

From the Commerce stream of our school, only one other student and I qualified for university. Many might not have expected such a big achievement from a student who came from a small village school. I still remember the smile on my mother's face when I told her that I got selected for university. It is a memory I will always cherish.

I did not limit myself only to textbooks. I actively participated in extracurricular activities beyond the classroom and contributed my best to bring honor and a good name to my school.

CAMPUS LIFE

I am currently a student at the Sabaragamuwa University of Sri Lanka, pursuing a BSc. Honors in Business Management. Starting university opened a new chapter in my life, providing a great environment to develop my personality.

As a first-year student, I am gaining a deep understanding of business concepts. With the help of my friends and encouraging lecturers, I enjoy both classroom studies and practical assignments. Beyond academics, I am actively involved in sports and other activities, making my university life balanced and meaningful. I believe the knowledge and experience I gain here will be the key to my future success as a professional.

THE INSTITUTE OF CHARTERED ACCOUNTANTS OF SRI LANKA

I started Chartered Accountancy course in 2025. I am following the new syllabus, and my goal is to become a successful Chartered Accountant in the near future.
My goal is to successfully complete the Chartered Accountancy program by 2029. After finishing the course, my sole ambition is to start my professional journey as a successful Chartered Accountant.

ACCOMPLISHMENTS BEYOND ACADEMICS

During my time at school, I was an active presence on the sports field, exploring a wide range of athletic pursuits. I represented my school in Volleyball and Cricket, which taught me the value of strategic thinking and group coordination. Beyond team sports, I tested my limits in track and field events, specifically in Sprinting, Long-distance running, High jump, and Long jump. These diverse experiences not only boosted my endurance but also instilled a sense of discipline and resilience in me. Balancing these sporting challenges with my studies helped me grow into a versatile individual.
